

# From Healthcare to Self-care

## *FONA Delivers Solutions*

To help you “jump start” upcoming product innovation projects; our technical team of subject matter experts has screened the most popular flavor profiles found in healthcare products today.

In the attached library you will find those benchtop basics that can get you started in the flavor screening process.

Perhaps the profile is “just right” but you need some help masking bitterness or off-notes. **FONA can help!**

Let us share our expertise and extensive Optify™ taste modification portfolio.

Perhaps you want a slight tweak to the current flavor profile. **FONA can help!**

Just reach out to one of our experts to discuss using this flavor as a guide for desired changes.

**Order your flavor samples today!**

**To discuss a grouping of flavors that is right for your unique applications please contact**
